MEMBER: MID-AMERICAN COORDINATION COUNCIL
FOUNDING MEMBER: NATIONAL FREQUENCY COORDINATION COUNCIL

The WISCONSIN ASSOCIATION OF REPEATERS is an organization of trustees and representatives of repeaters, state-wide, whose goal is mutual cooperation on the VHF and UHF spectrum, in the voluntary spirit of amateur radio.

GENERAL FREQUENCY COORDINATION POLICIES

1. We attempt to place no two repeaters on the same pair closer than 90 miles on 144MHz, 70 miles on 222MHz, and 60 miles on 440MHz and up.
2. We attempt to place no repeater on a 15kHz splinter pair closer than 40 miles to any adjacent 30kHz standard spacing repeater.
3. We not only assist proposed repeaters in finding a frequency where possible, but we actively attempt to protect coordinated repeaters' frequencies from interference whenever possible.
4. W.A.R has suggested band plans for most of the Amateur spectrum, a sub-audible tone plan for the State of Wisconsin, and all necessary information for coordination of new or modifications to existing repeaters.
